

City of Hesperia
BUILDING AND SAFETY DIVISION

Non-Profit Car Wash Permit

Non-profit car washes may be conducted only between the hours of 8:00 a.m. and 8:00 p.m. on any given day. No person(s) or sponsoring group/organization may conduct more than six (6) car washes in any calendar year. Each day or portion thereof shall count as one (1) car wash.

All water hoses used for the car wash shall have a shut-off nozzle attached so water **does not** run continuously. Vehicles must be washed from a bucket. If runoff becomes excessive, activities shall be discontinued until the water subsides.

SIGNS ADVERTISING A NON-PROFIT CAR WASH SHALL BE DISPLAYED ON SITE ONLY (with property owner's permission). No sign shall exceed nine (9) square feet, be placed on sidewalks, or within any other public right-of-way. All signs must be removed upon completion of car wash activities.

The City may require proof that the group/organization receiving proceeds from said car wash is non-profit or charitable in nature.

No solicitation for a non-profit car wash may be conducted in any manner which will impede, interfere with, or otherwise endanger those using a public right-of-way.

PERMIT MUST REMAIN ON SITE DURING CAR WASH
