ROUGH GRADING CERTIFICATE

Location: _____
Owner: _____ Permit No.: _____

Rough Grading Certification

By Soils Engineer

I certify that the rough grading work incorporates all recommendations contained in the report or reports for which I am responsible and all recommendations that I have made based on field inspection of the work and testing during grading. I further certify that where the reports of an Engineering Geologist, relative to this site, have recommended the installation of buttress fills or other similar stabilization measures, such as earthwork construction has been in accordance with the approved design.

By Civil Engineer

I certify to the satisfactory completion of rough grading including:
Grading to approximate final elevations; property lines located and staked; cut and fill slopes correctly graded and located in accordance with the approved design; swales and terraces graded ready for paving; berms installed; and required drainage slopes provided on the building pads. I further certify that where report or reports of an Engineering Geologist and/or Soils Engineer have been prepared relative to this site, the recommendations contained in such reports have been incorporated in the design.

By Grading Contractor

I certify that the grading was done in accordance with the plans and specifications, the grading ordinance, and the recommendations of the Civil Engineer, Soils Engineer and Engineering Geologist. It is understood that this certification includes only those aspects of the work that can be determined by me, as a competent grading contractor.
